

SELECTED REFERENCES ON OUTCOMES ASSESSMENT IN HIGHER EDUCATION:

A bibliography on postsecondary outcomes assessment. Several individuals and groups who provided guidance for its development made conscious selections from the rather substantial body of literature that has grown up since 1977 around the topic of outcomes assessment in colleges and universities. These selections were made in response to the question, "What are the key references that will give a comprehensive overview of the field of postsecondary student outcomes assessment and assessment of institutional effectiveness?"

If you would like to order Selected References on Outcomes Assessment in Higher Education, please complete the form below and return to the Office of Planning and Institutional Improvement at Indiana University-Purdue University Indianapolis along with payment.
